The HouseMaster Team

The Paino family - Tim, JoAnn, Trent, and Ellie Paino – a local Indiana family, joined HouseMaster Home Inspection in 2010. The Painos combined their 50 years of home construction, development, and property management experience with HouseMaster’s 50 plus years of home inspection knowledge. Building a team of experienced inspectors, they have now completed over 18,000 home inspections, supported local real estate professionals and given back to the community. Their top priority remains educating the home buyer as they make one of the largest investments in their life.

HouseMaster | BUYER BENEFITS
